

What directories should my antivirus/backup utilities ignore?

Nicole Ojeda - 2022-08-04 - Comments (0) - Autoform DM FAQs

Autoform DM

It is good practice to remove all folders in which Autoform DM frequently uses to write and read data from these utilities. For example, the archive directory shouldn't have an antivirus scanning them as certain antivirus software can 'lock' files while scanning them, preventing DM or other applications that use DM from accessing them.
