

Creating a flyout menu

- 2021-07-08 - Comments (0) - D365 CE Configuration

Lasernet for Dynamics 365

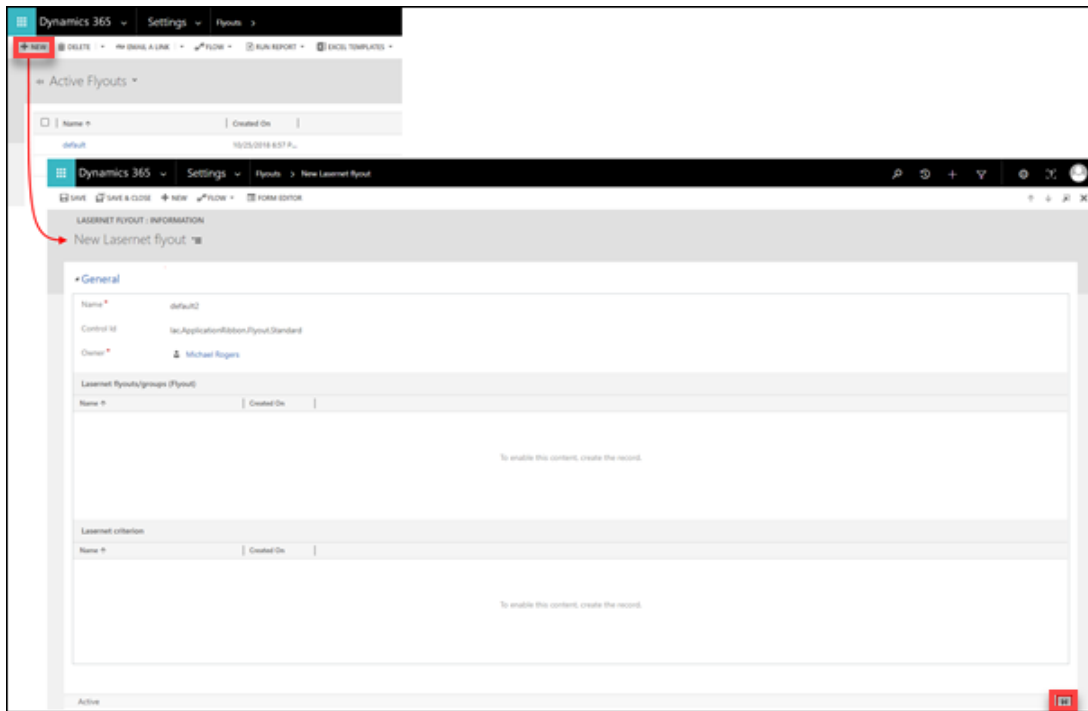

This article provides step-by-step instructions on how to create a flyout menu as a part of the Lasernet Connector configuration within CE.

1. Sign into your CRM system.
2. On the *Sales* menu, click the down-pointed arrow to show the navigation menu flyout, and then under the *Settings* flyout, click **Flyouts** in the *Lasernet* list.

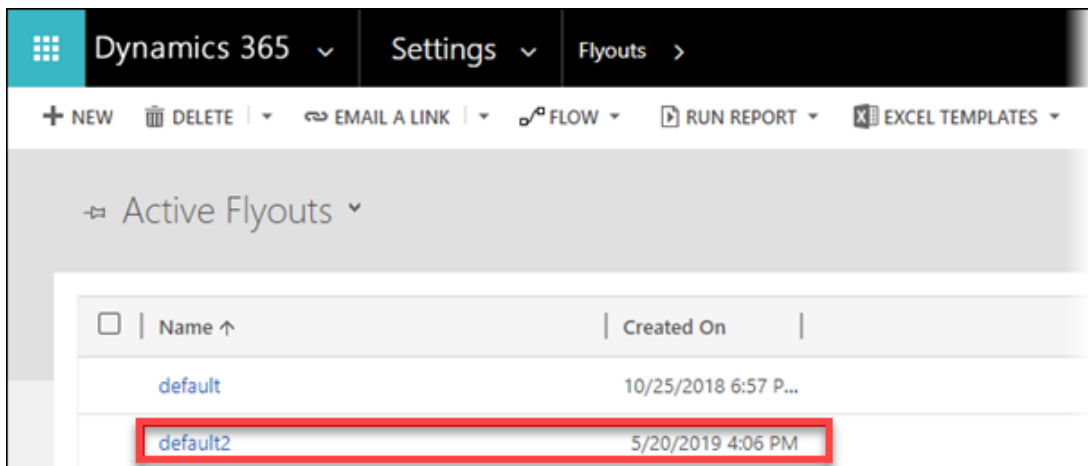

The *Active Flyouts* page is displayed.

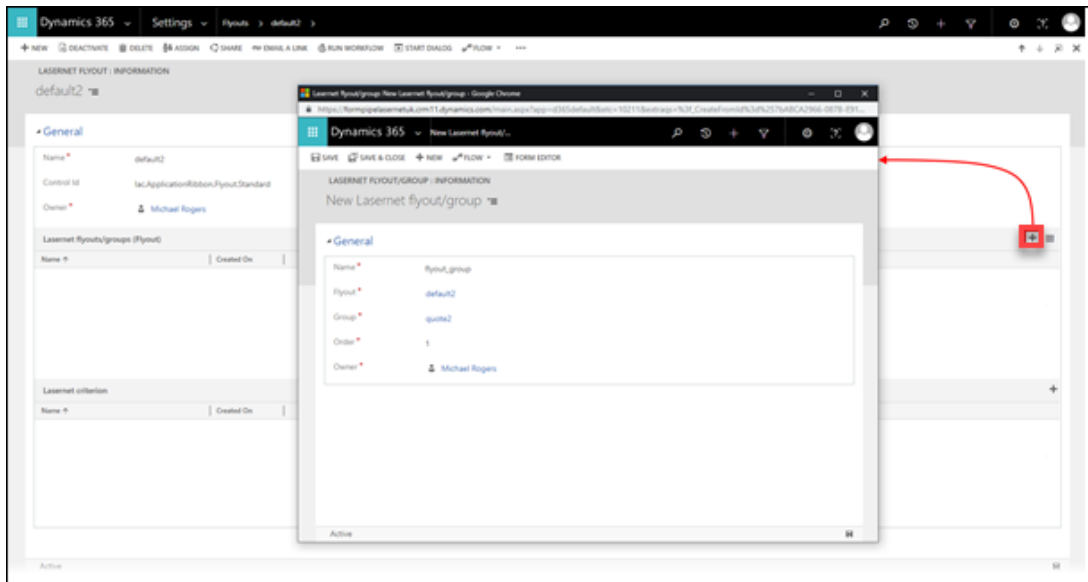

3. On the *Active Flyouts* page, click the **NEW** button.
4. Fill in all the required fields and click the **Save** icon.

As a result, a new flyout is listed on the *Active Flyouts* page.

5. In the *Active Flyouts* list, click a record of the flyout you have just added. The flyout page opens for editing.
6. In the *Lasetnet flyouts/groups (Flyout)* section, click a **plus** icon to add a flyout/group record.
7. In the dialog displayed, enter a name in the corresponding text box as well as select a group, then click the **Save** icon to save the changes.
