## Error executing code: "Wrong argument type for function."

- 2022-10-21 - Comments (0) - AX 2012 FAQs

This article provides a solution for "Error executing code: Wrong argument type for function", after upgrading the Lasernet Connector.

### Resolution

1. Within AX, select **Lasernet**.
2. Select **Reports**.
3. Mark all **SSRS reports**. No Lasetnet query reports should be selected.
4. In the top menu, select **Stylesheet** and then **Refresh**.

USMF > Lasernet > Common > Reports
