

How Do I Import Overlays?

Alex Clemons - 2022-07-29 - Comments (0) - Lasetnet Developer FAQs

Lasetnet

This article outlines how to import Overlays in Lasetnet using the following steps:

1. Open Lasetnet Developer and log in as admin.
2. Select **Resources** in the *Tools* menu located on the bottom-left of the Lasetnet interface.
3. Open the **Overlay** folder.

4. Select and save the imported Overlays in this folder.

All Overlays are now saved and accessible in Lasetnet.
