# How do I restart the DM service?

Mikael Wängelin - 2024-10-21 - Comments (0) - Autoform DM FAQs

Follow these instructions to restart the DM service:

1. Click **Start** and then **Run**.

2. Type **services.msc** and click **OK**.

3. Find the Autoform DM service; the name depends on the version you are running.

4. **Stop** this service.

5. **Start** the Autoform DM service.
