Autoform DM

Follow these instructions to restart the DM service:

1. Click **Start** and then **Run**.
2. Type 'services.msc' and click **OK**.

3. Find the Autoform DM Service; the name depends on the version you are running.
4. **Stop** this service.
5. Navigate to ..\standalone\deployments\ and delete the files with the extension '.failed'. This path is relative to the DM Installation Directory.
6. **Start** the Autoform DM service.
