

Selecting between BillTo and SellTo when finding an email address

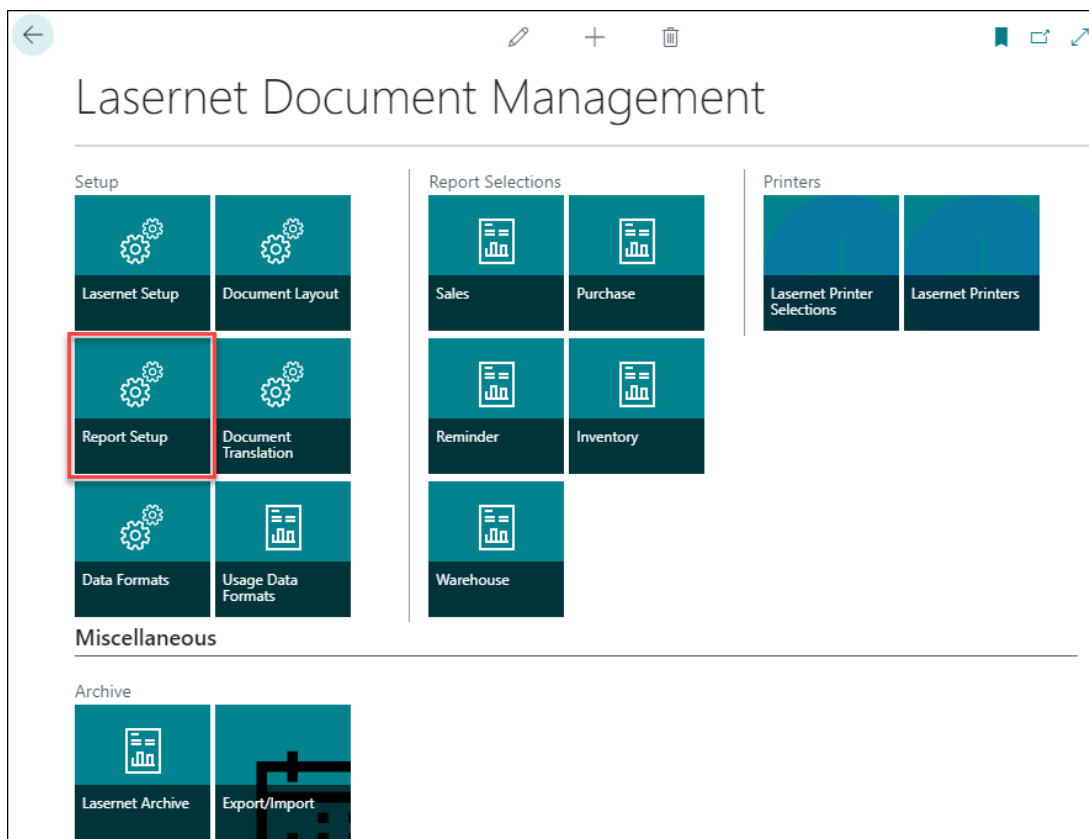

- 2023-10-17 - Comments (0) - Lasetnet BC Connector General Information

Lasernet for Dynamics 365

Lasernet has an option to find the email address on either the SellTo or BillTo account. For example, on a salesorder, where you can select a BillTo account. Users can control if Lasernet should look for an email address on the BillTo account or SellTo account.

To do this, follow these steps:

1. Sign into the Dynamics 365 Business Central application.
2. Click **Lasernet Document Mgt.** and select the Report Setup cue from the Setup group.

3. From the list, locate the required report.
