

How do I Repair if the Lasename Cloud Print Connector Service Disappears?

- 2023-11-30 - Comments (0) - Lasename FO Connector FAQs

Lasename for Dynamics 365

This article provides a solution for when the Lasename Cloud Print Connector service for Dynamics 365 Finance and Operations disappears.

Resolution

1. Open Finance and Operations and navigate to **Lasename > Setup > Lists > Printers**.

2. From the top Menu bar, select the **Download** button, then click **Download Lasename Cloud Print Connector** from the drop-down menu.

3. Run `LasenameCloudPrintConnector.exe`.

4. A Setup wizard will appear. Click **Next** to proceed.

5. Among the options that will appear on screen, choose **Repair**.

6. Click **Repair**.

7. Choose **Finish** to close the wizard and complete your process.
