Retirement of the Lasetnet KB

Jason Gillan - 2024-01-29 - Comments (0) - General

The old Lasetnet KB (<https://kb.lasetnet.formpipe.com/>) has now been retired, which is why you have been redirected here.

This Portal has run for several years with the intention of bringing all Formpipe information together into one place, everything that used to be accessible on the old KB is still accessible here.

You can find an introduction to our Portal here:

Manuals

Manuals can be accessed in the Guides section, broken down by product:

<https://support.formpipe.com/guides>

Release Notes

Release Notes are all in the News section, grouped together by Product:

<https://support.formpipe.com/news/lasetnet-10-release-notes>

<https://support.formpipe.com/news/lasetnet-fo-connector-release-notes>

Installers (requires an account to access)

All installers are in our Files section: <https://support.formpipe.com/downloads>

Each product has the latest version at the top, and the previous version lower down on the page.

Demo Licenses (requires an account to access)

The Demo licenses can be found in the Knowledgebase section, under a Demo License category:
