

Coming soon: Lasetnet 10.3!

2022-07-07 - Adam McStravick - Comments (0) - Lasetnet News

Lasetnet by Formpipe.

Our development team are now busy putting the finishing touches to Lasetnet 10.3.

The release is planned for mid-July - when you can find full details here on the Formpipe Support Portal.

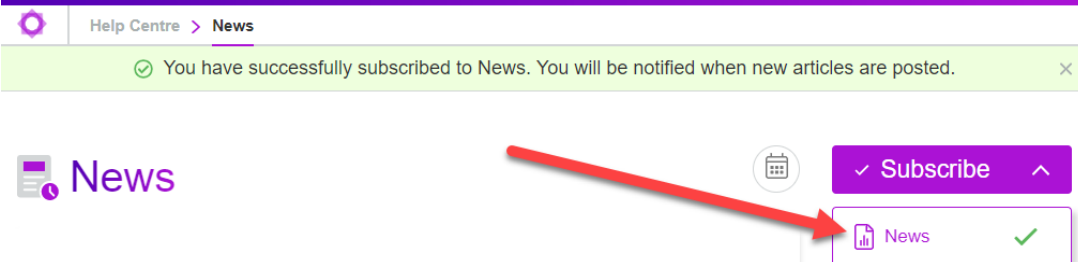

What's included?

- Hyperlinks in images
- Encryption and password protection for DOCX and XLSX format documents
- Requested fix (ref. 24435, 25201, 26262) where empty values set from JobInfo profile were not editable

...and much more!

The screenshot shows the top navigation bar with the Formpipe logo and 'Help Centre > News'. Below this is a green confirmation message: 'You have successfully subscribed to News. You will be notified when new articles are posted.' In the main content area, there is a 'News' section header with a calendar icon and a 'Subscribe' button. A red arrow points to a 'News' button with a checkmark, indicating the subscription is active.
