Maintenance Report

This section is an overview of the fixes and features included with this version.

If you encounter difficulty while using Lasetnet, please contact us via the **Create Ticket** button in the support portal.

Internal Ref.	External Ref.	Area	Details	Status
293924	25345	Developer / Config Server	<p>Refactored migration to fix missing configuration file version and other migration bugs between Lasernet 9 and 10.</p> <p>Important: If you upgrade from any previous version of the 10-series you <u>cannot downgrade</u> and afterwards open a configuration stored in the Lasetnet Config Server. The list of configurations will remain empty.</p> <p>We strongly recommend that you create a backup of the Lasetnet Config Server as described in the following article, before you upgrade to this version:</p> <p>How do I backup and restore Lasetnet?</p>	Fixed
310574	-	Developer	A handle leak could cause a crash when exporting objects	Fixed
309122	-	Developer	There was an issue with the UI in the General tab of the JobInfo Profile dialog, where settings for Type and Show were not separated	Fixed
309552	-	Developer	There was an issue with the UI for Modules > Modifiers > Criteria tab, where the Add JobInfo Criteria incorrectly figured as a Scheduler Criteria	Fixed
312506	-	Form Editor/Engine	Added support for embedded fonts in SVG images	Feature enhanced
312239	-	Form Editor	Changing sheet in 'Sheet Options' dialog did not refresh value for 'Maximum image DPI' setting in Advanced tab	Fixed
311787	-	JavaScript	F.isFile and F.isDir returned incorrect Boolean in JavaScript	Fixed
307970	-	OCR Engine	Empty values for DisplayMember and ValueMember in OCR Engine > Identifier tab were not backward compatible	Fixed

Internal Ref.	External Ref.	Area	Details	Status
312009	-	Printer Service	Added "Reset Layout" functionality in Printer Service app > View menu, to reset layout of tool bars in UI	Feature enhanced
311787	-	Printers and Drivers	Added missing printer drivers to Lasernet Developer installer. Fixed an issue where Lasernet Printer Capture 10, was not installed and running if Lasernet Developer 10.2 or 10.3 were running on a local computer	Fixed
313695	-	SharePoint	Original RefreshToken was mistakenly copied from configuration overwriting any new RefreshTokens obtained on authentication, causing login issues after typical 90 days	Fixed
312587	-	Web Server Input	Added missing ScopedThreadModuleID information to Lasernet Server log	Fixed
