# Lasetnet

### Lasetnet Release Version 9.9.1

**Release date:** 20th May 2020

#### New Features and Fixes

The purpose of this section is to outline the new features and fixes of the components of Lasetnet Version 9.9.1

##### Lasetnet Form Editor

- Fixed an issue with a missing link to Master Sheet after export/import of forms that contains a region in the conditional area.

##### CSV to XML

- Fixed a memory leak when processing CSV input to output.

##### Outlook Mail

- Support for incoming emails which contain a null character in the email subject instead of an empty string.
