Bug Fixes

Internal Ref.	Issue/Feature	Details	Status
#392387	All Document Layout Fields, except current level, get deleted after adding new field in the middle.	If you delete or add a new custom field via Document Layout, all other fields on the other tables disappear.	Fixed
#391996	Document Layout Field export/import is missing Skip If Empty field.	Skip if Empty field in Document Layout setting cannot be export nor imported.	Fixed
#392611	Not possible to re-number lines for FPL Placeholder Set Table.	Adding more tables and fields will break all placeholders as the function to re-number tables and field does not work.	Fixed
