

Webinar: Lasetnet Connector 6.17 Release Overview

2022-03-23 - Harley Britcher - Comments (0) - Formpipe Webinars

Join us as we look at the new features and changes arriving with Lasetnet Connector version 6.17. The webinar will provide an overview of the release and what to expect for customers using Lasetnet connected to Dynamics 365.

Kim Franck Agerholm, Product Owner for the Lasetnet Connector, will host the webinar alongside Pernille Wichmann, Product Manager for Lasetnet.

Navigate to the page below and complete the registration form. We will then send the link to attend the day before the event:
